

YOUR MARKETING PARTNER

www.medilinksindia.com

INDIA

THE MAIN OBJECTIVE IS TO PLAN, DESIGN & DEVELOP YOUR BRAND AND INCREASE THE PROFILE OF THE COMPANY.

YES... WE CAN DO MAGIC FOR YOU.

It's not one thing its many: Its not just about traditional media's like print, TVC, but also about ground level activations, online, social media, retail, channel program, go to market plans, trade shows and more. What is important is communication across any medium.

OUR GOAL

The objectives of the re-brand are to re-stake your dominance as the most prestigious accounting firm in the local area.

How we do this is by looking at your history, your key clients, the language you use in emails and your target audience.

From there we'll come up with 3 completely different concepts. We'll invite you down to our offices and explore each of them with you. At that point, we'll decide which direction to go in, make any final adjustments and look to have that signed off.

A successful advertising campaign will spread the word about your products and services, attract customers and generate sales. Whether you are trying to encourage new customers to buy an existing product or launching a new service, there are many options to choose from.

The most suitable advertising option for your business will depend on your target audience and what is the most cost effective way to reach as many of them as possible, as many times as possible. The advertising option chosen should also reflect the right environment for your product or service. For example, if you know that your target market reads a particular magazine, you should advertise in that publication.

The following list is an introduction to advertising tactics that we could use.

1. Newspaper
2. Magazine
3. Radio
4. Television
5. Outdoor and transit
6. Direct mail, catalogues and leaflets
7. Letterbox drops and handouts.
8. Online
